The Presidential Contest

The telegrams published this morning sound the first note of preparation for the all exciting contest of the coming November The acceptance by Gen Fremont of the Cleveland nomination, contingent upon the re-nomination of Mr Lincoln, and the resignation of his Major Generalship as an impediment to the free expression of his opinions, denote his estimate of the hold the President has upon the popular mind, and his apprehension of the necessity of at once turning to the manufacture of capital in his own behalf He is sagacious enough to recognize in the instructions given almost unanimously to the several State delegates in the Baltimore Convention, the certainty of Mr Lincoln's renomination, and therefore his magnanimous suggestion that he will not stand in the way of any Baltimore nominated exponent of the radical cause he has espoused is not regarded as threatening to cost him the glory of standard bearership

Gen Fremont's letter of acceptance is quite lengthy, and bears evidence of being a matured document Its ingenious simplicity will no doubt have a pleasing effect upon the public mind, and awaken admiration for the self sacrificing devotion with which he strives to anticipate and supplant a regular nominee —the people's choice—but we do not believe the prospects of Mr Lincoln will be more than transiently dimmed thereby It is but natural that men who have gained so much in so short a period should conceive that obstacles no longer prevent an immediate consummation of their most radical schemes, without a further resort to such circumlocutory measures as have hitherto been deemed necessary in preparing the public mind for great strides in national prosperity, civilization and humanity Such an idea at least seems to have pervaded the Cleveland assemblage, but it is a matter of doubt whether they will be sustained by the loyal masses In the face of the nomination and its acceptance, even the New York Central Committee of War Democrats have met and signified their preference for Lincoln as the Union champion, and in the approaching contest every true Union sympathizer will be content to rally around our present chieftain, confident of his wisdom ability and faithfulness The acceptance of the nomination of Vice President by Johnson has not met with the response anticipated, and instead of enlisting a multitude in his faction to oppose the Administration the tendency thus far is to cement more closely and firmly the bonds of our foreign citizens to the Government, and render them more keenly alive to the benefits which a continued earnest adhesion to lawful authority and support of wise measures will confer upon them both in the present and future

Retired U S George, Esq, who has had charge of the *Albany Journal* since its establishment, has retired from the editorial chair Mr has so acquitted himself during his ownership as not only to command the admiration for his talent, but respect and esteem for his courtesy and affability While we regret his loss as a *confrere*, we shall this full hail him as one of the Presidential Electors for Oregon

Troops for Idaho —We are permitted to make the following extract from a private letter received by a gentleman in this city yesterday, dated at Fort Leavenworth, May 6th 1864

General Sully passed up yesterday on his way to Idaho He has a large command and all the outfit for a large post He is going to whip the Indians they need anything of that nature, and then to locate for the protection of the whites in the mining regions He will build a large post, and he is going to put it in the heart of the mining country

The Returns —In consequence of the non receipt at the County Clerk's office of the returns from Sandy Precinct, last evening, the canvassers were unable to proceed to business, and the publication of full returns from this county is necessarily deferred It is safe to set the Union majority in Multnomah down at 500.

Promises to Relieve his Bondsmen —The Sacramento *Bee* says that ex-Controller Warren realized out of mining speculations while in California over $60 000 profit He recently wrote to his bondsmen in Stockton, asking how much they had to pay for him, informing them that he would pay them in full as soon as he knew the amount

The Baltimore Convention was to meet yesterday, if no accident happens to the wire, we may be able to present some account of its organization to morrow There is little doubt of the unanimous renomination of Abraham Lincoln, on such a platform as shall give satisfaction to every loyal man, and ensure his re election So mote it be

A printer hands to the *Union* columns the following 'Going to *Leeward*—the Confederate ship of state'

The receipts in the United States Treasury from internal revenue during April amounts to $100,000,000.

A New Form of Turrets for Gunboats —The N Y *World* of May 3d says

A new form of turret is about to be tried upon our western gunboats Several vessels have been built, and when the first opportunity offers, the Eads turret, as it is termed—will show how it compares with the Ericsson turret. The peculiarity of this invention is that the sheets of iron are firmly fastened together by screws that are screwed on from the outside, instead of by a nut on the inside. This new turret, and the immense 11-inch Dahlgren guns which are worked in it, are all moved by steam By the machinery the turret can be lifted or lowered, the guns raised, shoved out, drawn in, and gunged all by steam These guns of the ship are handled with greater ease than could eighteen men handle one gun upon the old plan The platform upon which the guns are placed can be lowered entirely below the water to load, and this process, or to turn the turret or elevate or depress the guns to any range, is but the work of a moment By this invention, it is possible to so elevate or depress the turret that the guns can fire up to the top of a bluff, or horizontally, as desired This is a vital defect of the Ericsson turret They can fire at point-blank range, but the guns cannot be lifted or depressed sufficiently to make them effective for shelling or working against a battery placed upon a river's bluff. There are some splendid gunboats on the Mississippi river armed with this new invention, and doubtless their efficiency is to be tested at Mobile or elsewhere before "this cruel war is over"

Inroads of the Tide on Morris Island, S C —The scene of last summer's campaign before Charleston seems likely to be swallowed up at no distant day The winter and spring gales have made serious inroads on the narrow belt of sand that constitutes the famous Morris Island Every gale seems to wash away a greater area of sand, and so rapidly has the process gone on during the past six months that it is not safe to say that another succession of severe gales, such as those that so vehemently tore along the coast in March, may not make an inlet between Forts Wagner and Gregg, or indeed wash away both of them The beach has receded so far as to reveal the remains of a number of Union and rebel soldiers buried about Wagner and Gregg The remains have been re interred in a place where they will not again be disturbed by the elements, unless the entire Island should be swept away —*Correspondence from Charleston Harbor*

The Tobacco Crop —According to a letter from Washington, written by Hon James S Rollins to his friends in Missouri, tobacco crops this year will be more profitable than any other It has been demonstrated that some portions of Oregon produce a good article, if experience and proper care are employed in its cure, and it is not therefore too late for our tobacco raising farmers to act upon the hint, and thus be enabled to realize good prices as well as repute for their production

Young Newell, of the Dalles, left on the last steamer for West Point Military Academy, to be trained for a soldier by the Government We wish him an honorable and useful career

The late movement in Nevada Territory for the substitution of greenbacks is believed to be effectually crushed by the late action there of the merchants and bankers

Concentration of the Union Armies

Washington June 5—A dispatch from Gen Grant dated 8 0 clock evening, states that about 11 o'clock this morning the enemy suddenly attacked Smith's right of Wbauu's division The battle lasted for half an hour when the enemy were repulsed Smith's loss was inconsiderable

At 4 o'clock P M Wilson with his cavalry fell upon the rear of Hoops's division which he had drawn around to his left in front with intention of engaging Burnside After a short and sharp conflict Wilson drove the rebels from the field in confusion He previously fought and routed Gen Jones's brigade of rebel cavalry During these fights we lost several officers among whom is Col Porter and Col Benjamin, Gen Stannard was seriously wounded

On Friday our loss in killed wounded and missing in three days operations around Cold Harbor will not exceed according to the Adjutant General's report 2, 000

On Saturday morning the enemy's left wing in front was found by Burnside to have been withdrawn during the night

A dispatch from Sherman, dated the 4th 13 miles of Marietta reports his left now well at and Hand covering all the roads from the South to the railroad about Acworth His cavalry has been in Acworth and occupy in force all of Allatoona Pass

(Signed) STANTON

Chicago June 5—A special dispatch from Washington says a steamer from the White House on the 3d, brings the report that our army holds the road at Savage Station, also a portion of our force had crossed the Chickahominy before that place

Baltimore, June 4—This afternoon the *American* says a gentleman who left the front on Friday morning at 9 o clock represents the attack referred to in Grant's despatch as having opened with a fierce cannonading along the whole line Our informant states that the army was in the best possible condition and spirits They have never in any previous campaign been so well supplied Abundant provisions are constantly going forward to their relief

It is universally believed among the troops and residents in the county around Richmond that the place must fall

There is no confirmation of the report that Fitzhugh Lee and 500 of his cavalry were captured Report probably untrue

Fortress Monroe, June 3d —A steamer from Bermuda Hundred reports that the enemy made a slight attack on our breastworks at 9 o clock last evening without effect and retired

New York, June 5 —The *Tribune's* special from the front says that Sheridan's cavalry on the day previous drove the rebels down the Mechanicsville road to within 5 miles of Richmond Our centre has advanced considerably The impression prevails that Lee is withdrawing his forces to within the inner defences of Richmond The losses in the past two days have been severe Contrabands report the citizens of Richmond in great fright Our Sixth Corps and Smith's forces made a heavy charge on Wednesday carrying the first line of the enemy's works, taking from 600 to 800 prisoners An hour later the rebels made a tremendous assault and were frightfully slaughtered Hancock, also repulsed a similar attack, the enemy suffering severe loss The fighting to the last was desperate Enemy's loss from 2,000 to 3,000, ours 400 to 500

Chicago, June 5 —A letter from Hanovertown dated May 31st, has the following in regard to the position of the two armies Our right rests on the Pamunkey near Hanover Courthouse, some six miles in length almost due south to Tolopatomy creek Our lines run along the Chickahominy in front of and covering the Virginia Central Railroad from Atley's Station to Shady Grove, five miles north of Richmond

Washington June 6 —Dispatches from Grant's headquarters, the 5th, state that there had been no fighting during the day

The enemy made an attack on Saturday night upon Hancock, Wright and Smith but were every where repulsed Hancock's lines are within 40 yards of the rebel works

The rebels were very busy on Saturday construcing intrenchments on the west side of the Chickahominy at Bottom's Bridge

A despatch from Sherman dated the afternoon of the 5th, at Allatoona creek, states that the enemy discovering us moving around his right flank abandoned his position last night and marched off

McPherson is moving to day for Acworth, Thomas is on the direct road and Schofield is on his right.

It has been raining hard for three days and the roads are heavy

The enemy had an immense line of works which we have turned with loss less to us than to them

(Signed) STANTON

New York, June 4 —The *Tribune's* special dated headquarters Army of the Potomac June 2d, says that the successful operation of the 5th corps on the 30th, followed by the advance of the 2d corps on the 31st compelled the enemy to withdraw from his line on the Tolopatamoy

Our cavalry entered Mechanicsville last evening after scouting about the old battlefields of the Chickahominy Having offered them battle on the Tolopatamoy our right wing rests on the Virginia Central Railroad Having compelled the enemy to withdraw across the Chickahominy Grant has with his usual celerity, thrown his left wing to the east of Richmond, and is now threatening the crossing of the Chickahominy at Bottom Bridge This is now a point of interest. Baldy Smith arrived from the White House just in time to get into action and co operate with our left flank last night.

Headquarters Army of the Potomac June 3 8 A M —The cavalry was engaged all day yesterday in the vicinity of Howe's store The first attack that was made on Hampton's command which was defeated with loss, afterwards attacked Hill's left on the Tolopatamoy river and drove one brigade out of their works and held the place an hour and then withdrew. We now hold Howe's store. Wilson bivouacked last night between Richmond Church and Pamunkey, and has a strong position To day the army is resting, nothing but artillery duelling occurred

In the fight yesterday Breckinridge occupied the right Beauregard next, Longstreet's corps in the centre and Ewell on the left The whole of Hill's corps was held in reserve Their artillery fire was good at some points Two of our caissons exploded by their shells and a number of men and horses were killed and wounded

Fortress Monroe June 5 —A dispatch from Baldy Smith says that the rebels attacked him with three columns and were driven off after a severe fight Smith is reported to have taken 600 prisoners Grant is pushing the enemy at every point

New York June 6 —The State Committee of the War Democracy of New York at a meeting held at the Astor House, have reaffirmed a preference for the renomination of Lincoln and adopted a call to all War Democrats to rally in Baltimore on the 7th to impress upon the Union Convention the importance of unanimity and necessity for the nomination of Daniel S Dickinson for the Vice Presidency.

Fremont has resigned his Major Generalship and his resignation has been accepted by the President Also, that of Gen Buell who it is understood resumes his original position in the regular army, as Colonel and Assistant Adjutant General

A long letter from Fremont accepting the nomination of the Cleveland Convention thus concludes

If the Convention at Baltimore will nominate any man, whose past life justifies the well grounded confidence in his fidelity to our dear national principles, there is no reason why there should be any division among really patriotic men of the country To such I shall be most happy to give a cordial and active support My own decided preference is to unite in this way, and not be myself a candidate but if Lincoln is renominated as I feel certain he will be I do not think the country would be justified in imperilling its best interests and the power which has cost the lives of thousands of men and needlessly put the country on the road to bankruptcy there will remain no course but to organize against him every element of opposition with a view to prevent misfortune With this contingency I accept the nomination at Cleveland and as a preliminary step I have resigned my commission in the army This was a sacrifice which gave me pain but I had for a long time fruitlessly endeavored to obtain either I make the sacrifice now freely to regain the liberty of action which is in the way of doing service to my country in the only way in which I can now hope usefully to serve it

John Cochrane has also written a letter of acceptance of the nomination for Vice Presidency

Chicago June 5 —The Washington Gazette's special says that Gen Grant has gone to Washington for consultation for Richmond and that it will add 111 to the Army of the Potomac

The New York papers say that Gen Hunter's army is to be added to Grant's direct command, and a junction will soon take place

A large number of troops are being forwarded to Pope's Department

Some considerable fighting is going on at the West every day Skirmishing went to Sherman

Gen A J Smith with 20 000 troops from the Trans Mississippi region is on his way to Chattanooga

Cairo June 6 —The steamer Mason from New Orleans on the 9th was fired into by a rebel battery twenty six miles above Vicksburg eight struck and killed a soldier The others fired eighty shots

Most of the boats burned at New Orleans were owned by the Government The loss is estimated at a million The fire is believed to have been the work of an incendiary

Gen Canby who is actively engaged in organizing his forces was early ready for offensive operations

Skirmishing on White river Pine Bluff and Duvall Bluff are garrisoned with a force ample and sufficient to repel any attack likely to be made by the enemy

FURTHER INTELLIGENCE.

New York June 6 —The *Herald's* correspondent gives the following particulars of the fight on the 1st inst

Our line of battle extended fully ten miles in length from the northwest to the southeast of Hanover on the Mechanicsville road, in the rifle pits wrested from the enemy two days before. The line of defense has been much improved and strengthened since falling into our possession Burnside's corps come next Hancock and Warren's are thrown a little forward and protected in front by double and triple lines of formidable breastworks. Wright's was marched to the left, with two divisions of Sheridan's cavalry in front and on its flank

An attempt was made by the rebel infantry to drive our cavalry from Cold Harbor, resulting in their repulse They had a large number of killed and wounded and from 200 to 300 prisoners fell into our hands Wright followed up the success and brought on the engagement which lasted till one hour after dark At that time we had carried the rebel line of rifle pits, and driven the enemy to the Chickahominy

Late in the evening the rebels made a furious assault upon our centre and right, marching in three lines upon Warren and seeming determined to pierce our centre and throw the line into confusion They hurled themselves upon us and to certain destruction with great determination The battle raged fully three hours in front of this corps Our loss can only be a trifle to what the enemy suffered.

The attack on Hancock was nearly simultaneous He not only repulsed the enemy but pressed them back so far that he was thrown into a bad position, and was compelled to make a retreat and resume the ground occupied at the outset Subsequently he was ordered to abandon his position and move his corps from the right of our lines to the extreme left.

Another correspondent with the 18th corps, says that in the fight at Cold Harbor the enemy were in heavy force there and at Gaines's Mills strongly entrenched on the edge of a dense wood. They had rifle pits and other works At half past four our troops were in position in three lines of battle At five skirmishing commenced and a battery of 24 pounders opened a fire on the rebels At half past five, an order was received for both the 6th and 18th corps to charge the rebel works in our front Brooks and Devens pushed through the wood in their front and poured like a tornado over the open field The rebels opened with grape, canister and heavy musketry fire Our first line was badly cut up The second line mingled with it and then the third At most immediately afterwards, the rebels were driven pell mell from their works through the wood They rallied behind reserves and attempted to recapture their position, but were received with such a murderous fire of artillery that they broke and fled in confusion Again and again they rallied and attacked and were driven back with great slaughter

A Cold Harbor dispatch dated the 3d say a general attack was ordered along the whole line at 11 o clock this morning, resulting in the fiercest fight of the campaign On the left, Hancock's corps, after a desperate resistance turned the enemy's left, carrying a portion of their main line, capturing some guns colors and many prisoners Unfortunately he was unable to hold the ground or to bring off the guns The battle is still raging with a promise of a bloody day

TRAGEDY AT THE CASCADES.—We are furnished the particulars of a frightful tragedy which occurred at the Cascades on Monday evening last, resulting in the death of Mr. Edmond Sullivan, the Sheriff of Skamania County, W. T., formerly a resident of this city, and mortally wounding Mr. J. P. Dennison. The polls of the election had closed, and the vote was being summed up, when a row occurred in an adjoining room, and Sheriff Sullivan was requested to quell it, which he proceeded to do. He succeeded in arresting one of the disturbers, and placed him in safe keeping, and attempted to take others, when he was fired upon at the door. He turned his attention to ascertain who had fired the shot, when he came in contact with Edward Bush, at which a scuffle ensued, and he was brutally assaulted and murdered. The following is the verdict of the Coroner's jury, showing that the body was terribly mutilated:

Cascades, W. T., June 6th, 1864.

We, the undersigned Jurors, summoned to hold an inquest on the body of Edmund Sullivan, deceased, do find that the said deceased came to his death from wounds inflicted upon his body by pistols and knife, in the hands of Jacob J. Bush, Geo. W. Bush, and Edward Bush. We do find, on examination, five pistol shot wounds, located thus—one near the center of the side of the neck; one a little higher, and an inch or so farther back of the first one; one in the pit of the stomach; one in the right side; one within a three or four inches of the back bone, and one in the left side. We also find two wounds in the upper part of the back, made as we suppose by a bowie knife, either of which wounds, we, the jury, consider sufficient to cause death. (Signed,) JOHN D. WOODWARD, JOHN E. ANDREWS, SAMUEL H. SNOOK, JAMES H. STEVENS.

The body of Mr. Sullivan was brought to this city by the steamer *Wilson G. Hunt*, last evening, and the funeral will take place today at 2 o'clock P. M., from the Catholic church. The three persons engaged in the murder, as mentioned above, are brothers, and were arrested. Edward, whose arm was broken, was brought to Vancouver for medical treatment, and the other two were confined at the Cascades. Mr. Dennison received his wound from a pistol shot, while endeavoring to assist the Sheriff, the ball entering the back through the body, into the pit of the stomach. He was also brought to this city yesterday, and received medical attendance, from Drs. Glisan and Elwert. The ball was probed, but it is hardly possible that the patient can live. The case will undergo an examination in the United States District Court at Vancouver.

CARLOS E. DODGE.—This gentleman who is announced to give a concert at the Willamette Theatre, in this city, shortly, is well known to the people of the United States, as a most genial, good-natured man, and his musical genius is not all that makes for him hosts of friends, and fills his houses, wherever he goes. Dodge believes in fun, and thinks it should be cultivated as a fine art, for it is altogether a fine thing. Such men as Ossian E. Dodge are nine times out of ten found to be social and good. We remember some seven years ago, we visited his concert as "Western City," when he was accompanied by the lamented J. G. Clark, at which time the famous song of "The Rain upon the Roof," was executed with such grand effect as to even now present a thrill in our heart, while we write about it. Mr. Clark has died since that time, but Mr. Dodge is still traveling, and we are positively certain will meet with a welcome reception at his first concert in Portland.

EXCRUCIATING.—The faithful, but often much abused dray-horse, very frequently receives an injury in the foot from rusty spikes and ugly slivers, from the decaying and rotten planks on our streets. Sometimes this injury is lasting, and many a poor animal is ruined for life in consequence. Last week one day a fine horse belonging to Bills & Co. was snagged on Front street, and has been in the stable ever since, unfit for use, and yesterday another one, belonging to a Chinaman, was terribly hurt on First street. Such are the results of a system of planking our main thoroughfares.

A FINE COLLECTION OF PAINTINGS.—Perhaps the finest collection of paintings ever put together in Portland, are now at the Auction Rooms of A. B. Richardson, and will be offered for sale this morning, to the highest bidder. The collection consists of a magnificent oil painting, *The Remorse of Magdalen*, a large sized painting, *Venus rising from the Sea*, and the following smaller, but none the less beautiful ones: *The Bath, Coast Scene*, and a landscape view. They are really fine, and no mistake, and will probably sell very much below their true value.

THE ENCAMPMENT.—The inclemency of the weather interfered somewhat with the arrangements for the Military encampment yesterday, and instead of "taking the field," in Gardner's claim south of the city, they were drilling at their armory on Front street. We learn that the members are prepared for camp duty, and will pick up their knapsacks and march to the place selected, as soon as the command is given.

PUBLIC SCHOOL EXAMINATION.—The examination of the Public School will commence this morning at nine o'clock, and continue through Thursday and Friday. The classes of the primary and intermediate departments will be examined to-day; those of the intermediate and higher on to-morrow, and those of the higher on Friday.

NO WATER.—By some means the water was cut off from an entire neighborhood, in the vicinity of Market and Clay streets, yesterday morning considerable consternation. When water is cut off for purposes of repairing the works, due notice should be given, that the inhabitants may prepare for it.

DULL AND DISAGREEABLE.—Our streets have not presented so dull an appearance for many months, as was noticed yesterday. Every body seemed retired, business was inactive, and the drizzling rain made all things in general about the city, very disagreeable.

SINCE DIED.—The wounds received by Mr. J. P. Dennison, at the Cascades, and spoken of elsewhere in this paper, proved fatal, and he expired at twelve o'clock last night, at the Pioneer Hotel.

PERSONAL.—Major Francis left this city yesterday morning on a visit to Fort Hoskins and Fort Yamhill, at which places the U. S. troops stationed, will be paid off.

READING.—S. J. McCormick has received Harper, Godey, and other magazines for the month of June. He also has his counters loaded with the weeklies, political, literary, illustrated, etc.

WHO In every age of the World, the professions have been slow to admit the value of new discoveries, or the expediency of adopting them in practice. It is not to the legal profession that we look for reforms in jurisprudence, neither do we find the advocates of medical reform among physicians. Each deprecates whatever is found to innovate upon received opinions and established usage. Hence the opposition which medical men too often exhibit to the use of private remedies, whatever their acknowledged value, or great efficiency in the cure of disease. No medicine has ever done more for the relief of human suffering than Dr. Osgood's Indis Cholagogue. The certainty with which it cures Fever and Ague, and eradicates bile from the system, is acknowledged by all.

Be particular to enquire for *Dr. Osgood's Indis Cholagogue*, and take no other. Sold everywhere.

Dr. Hostetter's Stomach Bitters.—The operation of this palatable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties, and it is recommended to mothers, enfeebled by the cares and duties of maternity, as the safest and best tonic they can probably use. In all the crisis of female life it will be found eminently useful, and elderly persons will derive much more benefit from it than from ordinary stimulants.—Sold by all Druggists and Dealers everywhere. ap26d1m

Diseases of Old Age.—As man approaches his allotted three score and ten years the vital powers begin to fail; stimulants of various kinds are used to strengthen the naturally failing system, such as wines, bark, &c. Instead of these, let the aged keep up the supply of the true strengthening element, iron, by the PERUVIAN SYRUP, which offers a protoxide of that metal ready for immediate absorption.

From the army hospital—the bloody battle-field—the mansion of the rich and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

REDMONT, Wis., Sept. 16, 1864.

* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. * * * C. A. PLAUTH."

SOUTH WARSAW, O., July 28, 1863.

* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters. EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

HAUSMEYER MANSION, FIFTY-SEVENTH STREET, NEW YORK, August 2, 1863.

"DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness, and weak lungs with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS. O. M. BEVOE."

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life. REV. W. H. WAGGONER, Madrid, N. Y."

* * * Then will send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use. Thy friend, ASA CURRIN, Philadelphia, Pa."

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me. REV. J. S. CATHORN, Rochester, N. Y.

* * * Send me twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house. SYKES, CHADWICK & CO., Proprietors Willard's Hotel, Washington, D. C.

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect. G. W. ANDREWS, Superintendent Soldiers' Home, Cincinnati, O.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm. C. C. MOORE, 294 Broadway, N. Y.

etc., etc., etc., etc., etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c. all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, faintness, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent jug cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label. Sold by respectable dealers throughout the habitable globe.

Mind your own Concerns.

Yes, mind your own concerns, my friend,
For they are yours alone;
Don't talk about your neighbor's faults,
But strive to mend your own;
What if he does not always lead
A truly perfect life—
Supposing that he sometimes frets,
Or quarrels with his wife,
Don't meddle—let him know, my friend,
Your better nature spurns
To act the spy on him or his—
So mind your own concerns.

Yes, mind your own concerns, my friend,
And presently you'll find
That you are fully occupied,
And have enough to mind.
What is't to you if Snooks or Sooks
Should wed with Polly Jones?
What is't to you if lawyer Grabb
A plump half million owns?
The money is not yours, my friend,
Though golden stores he earns;
So do not strive to count his wealth,
But mind your own concerns.

Yes, mind your own concerns, my friend,
It were a better plan,
Than always to be spying out
The deeds of brother man.
Remember that all persons have—
Though hidden from the view—
Thoughts that to them in right belong,
And not at all to you;
And also bear in mind, my friend,
A generous nature spurns
No secret from a brother's breast,
So mind your own concerns.

The most productive—General Ebenezer Dumont, the father of nineteen children.

The most graceful man is William H. Wadsworth, Kentucky.

The dignified man is Rufus P. Spaulding, Ohio.

The big farmer on the "other side" is a good substantial Union man, Brutus J. Clay, Kentucky, who owns sixty-five hundred acres of land, and whose home farm contains two thousand acres, worth $150 per acre. Mr. Clay has two hundred and seventy-five negroes, fifty mules, two hundred sheep, one hundred and fifty blooded cattle—some of the most famous in the United States. His usual stock of cattle is about four hundred head.

The member who never fails to move an amendment is William S. Holman, Indiana.

Three members represent each a State—Messrs. Smithers, Delaware; McBride, Oregon; Wilder, Kansas.

There are seventeen members who are slaveholders.

There are twenty-four members from slave States, of whom fourteen vote with the Union party and ten with the Democrats.

The best penman is Augustus Frank, N. Y.; the poorest, Thadeus Stevens, Pennsylvania.

The member who is always there, sound and true, is Henry L. Dawes, Massachutetts; the antipode, Benjamin Wood, New York.—*From the Washington Correspondence of Troy Times.*

THE BATTLE OF INDIAN BRAVES IN WASHINGTON CITY.—A dispatch from Washington of date 26th April says:

A delegation of Chippewa Indians, headed by the celebrated Cammy, the Chippewa Chief, and Hole-in-the day, have been several weeks engaged in a series of palavers with the "Great Father" concerning treaties, annuities, etc., and though the business which brought them has long since been regarded as settled at the Indian Bureau, the unsophisticated sons of the forest have shewn no hurry whatever to get back to their own country. In fact they seem to be bent upon sponging upon the hospitality of the Government as long as they are tolerated, and have failed to take several strong hints from responsible sources that their places at Willard's were better than their company.

This morning about 7 o'clock the guests and early loungers at Willard's had an opportunity of witnessing a genuine Indian fight with pistol and knife, between Hole-in-the-day and Look-around; the latter a young warrior who is looked upon as the "Japanese Tommy" of the Chippewa delegation. Each of the combatants had arisen very early, according to their custom, and each had washed down his breakfast with more whisky than he could well carry. Look-around was drunk beyond all propriety. He went to his room shortly after breakfast, and ornamenting his face with sundry stripes of red, yellow and blue paint, set off his hideous top-knot with a stunning bunch of turkey feathers entwined with blue and red ribbons; and, after completing his toilet, descended to the lobby, where, meeting Hole-in-the-day, he saluted him with an unmistakeable Chippewa war-whoop. Hole-in-the-day curled his lips in scorn, and proceeded to give the young warrior his opinion of such conduct. He told him he had no right to distinguish himself by as many paint marks on the face, because they denoted rank above his position, and that he was not "big warrior" enough to entitle him to wear turkey tails on his head.

Look-around felt deeply insulted at this, and drawing a revolver, began a lively peppering at his Chief, who manifested convincing evidence of the agility for which his race is noted, by his efforts to dodge the leaden missiles. Between every shot Look-around sounded a war whoop, and every time he "felt himself missed." Hole-in-the-day returned a defiant response. About the third or fourth shot took effect in Hole-in-the-day, in spite of his dodging. It entered the back of his neck, near the ear, and passing through the jaw, came out of his mouth.

As the blood followed the wound, the old warrior began to think things were getting too serious, and demanded some other action on his part than war-whooping and dodging. Tumbling among his toggery, he brought forth a pocket-knife of formidable blade, and as Look-around had by this time exhausted all his ammunition, he rushed forward, clinched him, and Logan carving his face in the most approved Chippewa style. First he slashed at the yellow paint marks on his foe's forehead, then at the blue on his nose, each time wiping out the offending insignia with long deep gashes in the flesh, and finally attacked the turkey tails on his head and cut them to pieces. By this time the bystander and by-standers succeeded in separating them, and each was carried to his room bleeding profusely, and each war-whooping mutual defiance. Look-around is not hurt much, but the surgeons say Hole-in-the-day will have trouble with the hole in his neck.

Solution of Protoxide of Iron,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by combination in a way never unknown; and this solution may replace all the proto carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M D,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER.

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1859, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It recruits, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorats the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

BEWARE OF COUNTERFEITS. Purchase only of reliable dealers. Sold everywhere.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS attended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure for the maladies above-mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLOOR ALBUS,

And in every disease any way connected with the disorders or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the fluttering and relaxed organization is at once retraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost infantile apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females.

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.
